Re: Grant No. 3001

Dear Dr. Lieberman:

The Scientific Director and CTR's staff have discussed your request for partial support of the FASEB summer conference "*Molecular Mechanisms of Carcinogenesis*" to be held in Saxton's River, VT, July 21 -26, 1991.

The program contains many topics of interest to The Council, and the list of speakers ensures that the quality of the meeting will be high. I therefore am pleased to tell you that we will make a contribution of \$1,000.00 to help defray the costs of the conference. A check for that amount is being sent to the FASEB office in Bethesda; it would assist in our record-keeping if we could have a short written acknowledgement of the contribution.

We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector. We also would very much appreciate it if the organizers would hold open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
